

# Riverway Trails Plan

**Charley Marchesano, Senior Project Manager  
Department of Parks and Recreation  
County of San Diego**

# Presentation Goals

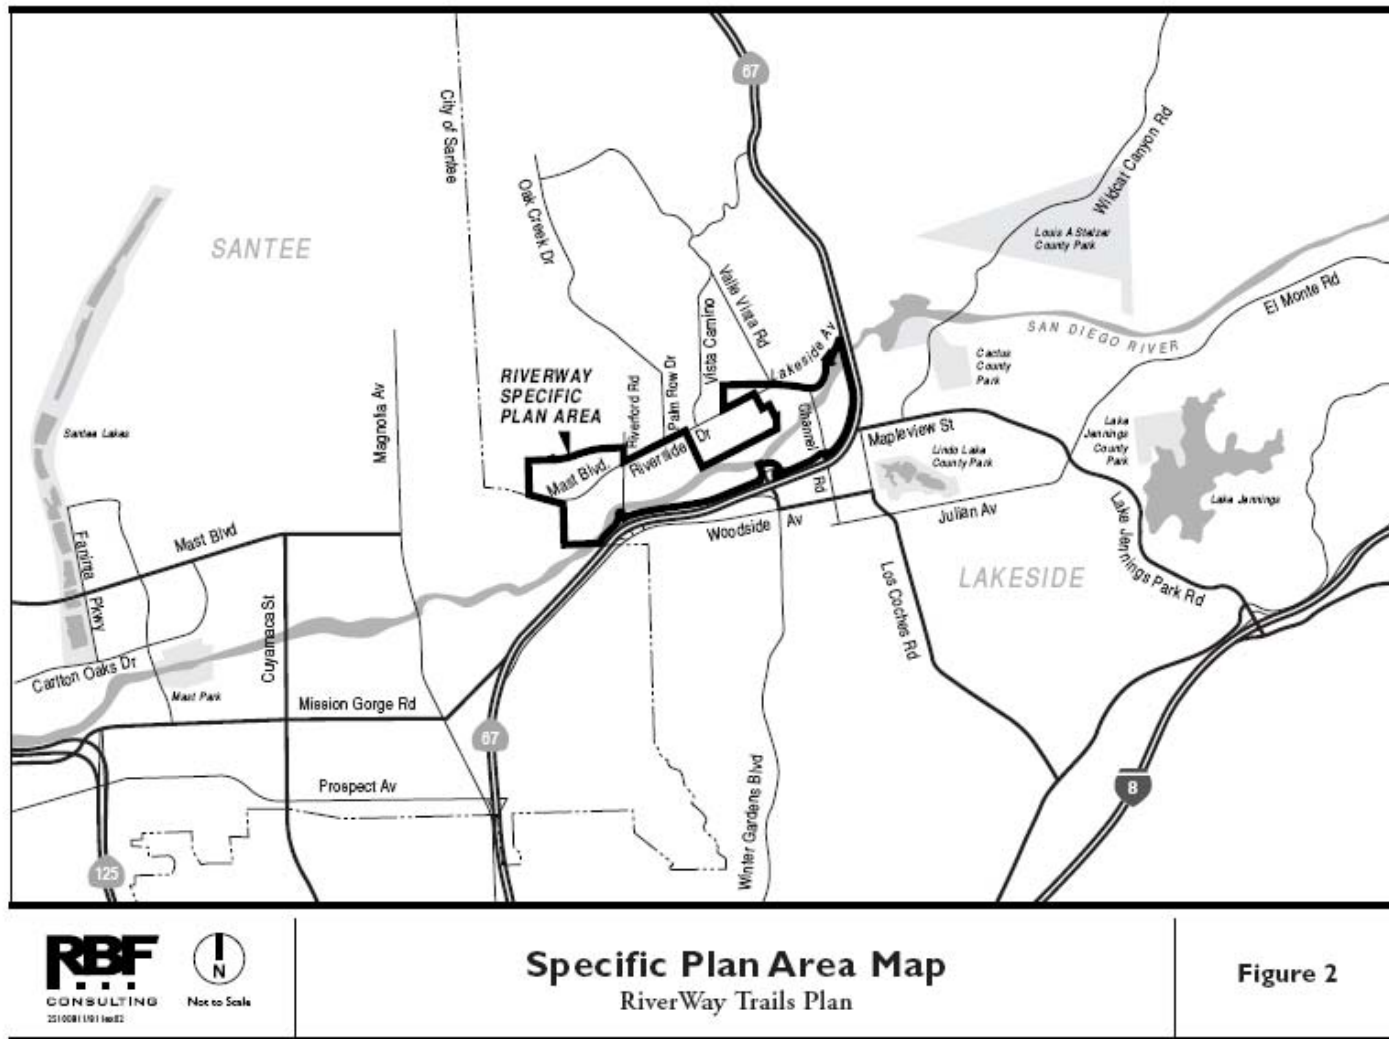

- Provide a brief overview on the Riverway Trails Plan
- Highlight recent revisions, key points of interest and Figures
- Provide a brief overview of project implementation and current progress
- Address questions

# Riverway Trails Plan Overview

- The Riverway Specific Plan was approved by County Board of Supervisors in 2000
- Includes requirement for regional trail along San Diego River
- Riverway Trails Plan prepared to further define this trail, including connections, staging areas, signage, fencing and landscaping

# Riverway Specific Plan

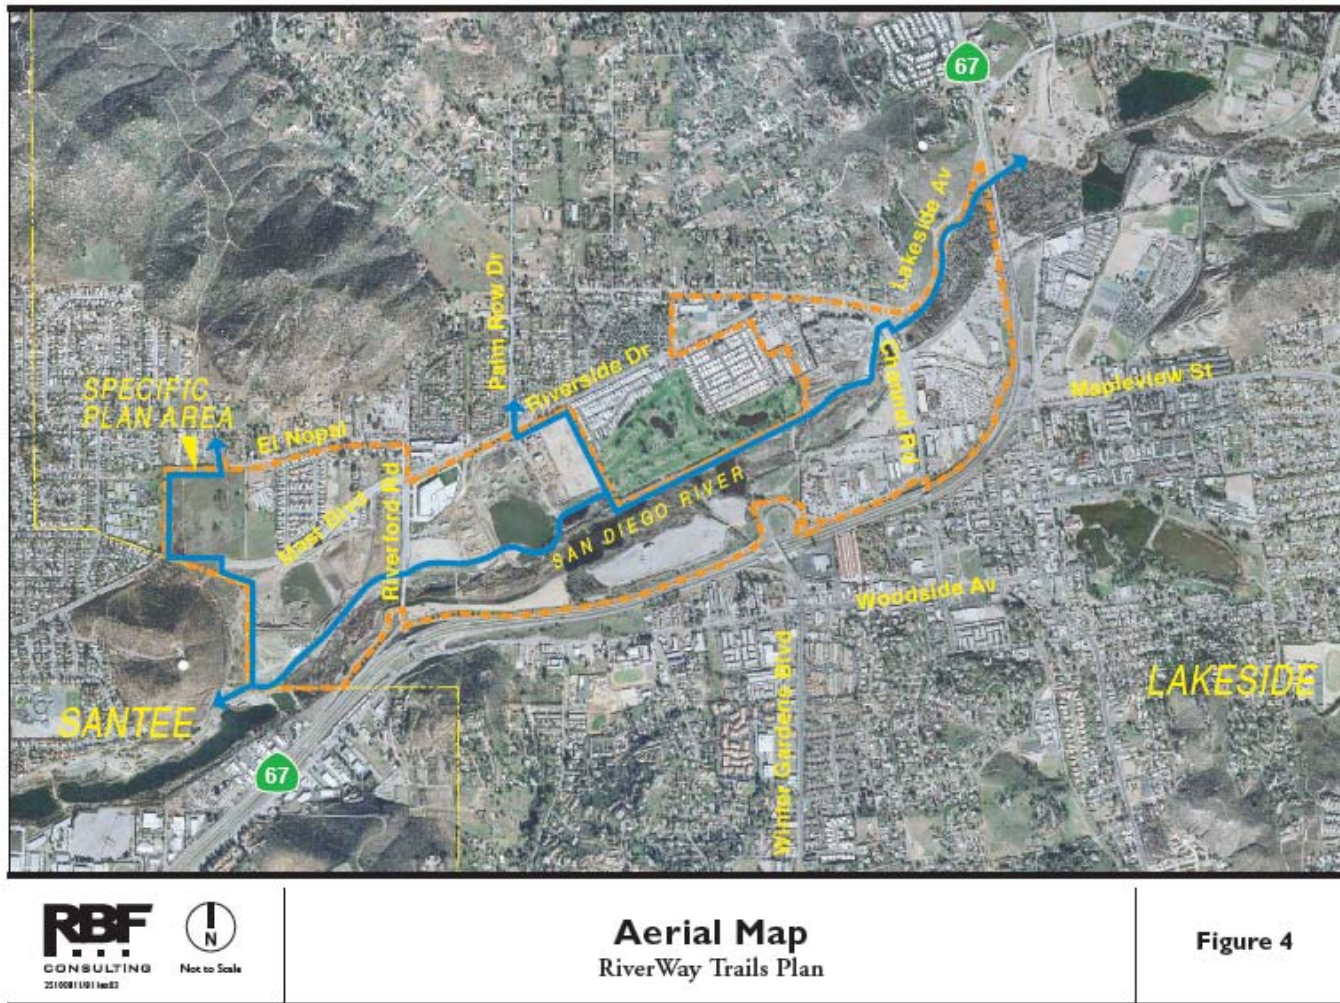

# The Riverway Trails Plan...

- The plan is also consistent with the County Community Trails Master Plan (CTMP) and Lakeside Community plan
- Provides for a roughly 2 mile non-motorized, multi-use trail for pedestrian, mountain bike and equestrian use
- Defines the general location for trail segments, connectors, staging areas and emergency access points
- Designed to be a flexible guide for future development of the trail network within the Specific Plan area

# Riverway Trails Plan

# Some Recent Revisions to Plan

- Redirection of connector trail from Palm Row Drive to eastern boundary of business park
- Addition of 7 Emergency Access Points

# Project Costs

- Development of all trails facilities in plan could cost as much as 3.7 million
- Plan intends development to occur mainly as condition of approval for private development within plan area
- Other areas may be built by County or Conservancy
- Currently no County funding available for implementing this plan

# Current Progress

- Trail Sections R6 through R8 started or substantially complete
- Habitat Restoration in process along R3 through R5
- Trail exists as access road at R3-R5
- County recently acquired land containing R1 and R2
- R9 anticipated to become available within 3-5 years (Hanson property)

The map illustrates the proposed restoration of the North Branch of the Chicago River through the Willowbrook Estates area. Key features include:

- PLANNED INDUSTRIAL** zones, some of which are also designated as **PROPOSED BALLPARK** sites.
- WILLOWBROOK ESTATES**, a large residential area.
- The **CHICAGO RIVER** and its **N. BRANCH CHICAGO RIVER**.
- Proposed restoration areas along the river, marked with green and blue lines.
- Numbered blocks and streets, including **W. 12th St**, **W. 11th St**, **W. 10th St**, **W. 9th St**, **W. 8th St**, **W. 7th St**, **W. 6th St**, **W. 5th St**, **W. 4th St**, **W. 3rd St**, **W. 2nd St**, **W. 1st St**, **W. 0th St**, **W. -1st St**, **W. -2nd St**, **W. -3rd St**, **W. -4th St**, **W. -5th St**, **W. -6th St**, **W. -7th St**, **W. -8th St**, **W. -9th St**, **W. -10th St**, **W. -11th St**, **W. -12th St**.

[illegible]

# Conclusion

Thank you for your commitment and  
patience with the Riverway Trails project!
